

NOTES/INSTRUCTIONS FOR FILLING OUT APPLICATION: It is important that the information provided for assessment accurately reflects your judging experience and accomplishments at OFFICIAL EXCA RACES. The general requirements to be considered for advancement to level 3 status are listed on the EXCA website <https://extremecowboyassociation.com/judges-information.htm>

Judges may apply for advancement to Level 3 once they have judged a minimum of 5 major shows, provided that only 2 of those shows are in the applicants home state or province, and that only those shows that the applicant judges a minimum of **40** runs/show will count.

Alternatively, any judge selected to judge 2 separate divisions of the FINALS at the EXCA World show will be considered to have met the requirements for shows judged; any judge who successfully completes and passes an official EXCA Judges seminar in the past two years will only be required to have judged a minimum of 3 major events (all other conditions apply)

Only races you judged as an officially approved level 2 judge count. Membership must also be current.

References may be checked at the discretion of EXCA.
