We're starting the year right!

We are steadily working on projects for this quarter and have many fantastic future projects in the works. Frank is rebuilding our website so that it is functional AND beautiful! It is a work in progress, we ask for patience as each page is meticulously audited and redesigned. Updates are being made daily! We plan to make many of our forms digital on the website which would allow for easy online submissions rather than downloading, printing, and returning by email. Modern website features such as that create a streamlined processes that simplifies things for our members. Another goal is to have the payment portal within the same website so you won't have to be redirected to another site to pay your membership or club fees. We will address that task further along in the website redesign process.

Today we added the membership expiration date as a column within the membership directory table on the website. This allows race facilitators to easily check the membership status of their riders! In addition, this helps our members as another way to check when they need to renew.

We are discussing the idea of switching to a consistent Jan-Dec membership year. Meaning there is no guessing when your membership is up, it would always expire Dec. 31st. This would allow for a renewal reminder to go out via email at the end of December each year. There would be no deadline for joining, if you were to join or renew March 12th your membership would expire December 31st just the same as if you had joined January 5th. This is just a topic of discussion and no decision on switching to this method has been made yet!

We have been auditing the International Advisory Panel (IAP) list and plan to start utilizing it by conducting quarterly personal meetings by region and a large annual meeting with all members of the IAP. Listening to our membership and maintaining communication is a priority!

Great things happening! Don't hesitate to reach out at any time with questions or concerns!

Cheers!
