NOTES/INSTRUCTIONS FOR FILLING OUT APPLICATION:

It is important that the information provided for assessment accurately reflects your judging experience and accomplishments at OFFICIAL EXCA RACES.

The general requirements to be considered for advancement to level 2 status are listed on the EXCA website https://extremecowboyassociation.com/judges-information.htm

Multiple races with less than 10 official EXCA runs will normally not be counted against your minimum number of races requirement, but should be listed. Unofficial runs at those races may be used to indicate additional experience _ but do not replace the need to race that you have ample experience judging official runs.

Races that may have been advertised as official EXCA races but for which no official results were submitted do not count.

If a race you list as judging or scribing is a National, International, Regional, or State Championship, please list that in the name of the race.

Only races you judged as an officially approved level 1 judge count. Membership must also be current and up to date.

References may be checked at the discretion of EXCA.

The "other relevant information" section may be used to list other judging experiences, accomplishments as an official or exhibitor (within or outside of EXCA events), applicable special training or expertise, etc that might help demonstrate your readiness for advancement to Level 2.

EXCA JUDGING PROGRAM APPLICATION TO ADVANCE TO LEVEL 2 JUDGE

Name _____   EXCA # _____

Address _____
